Summary

Final-year B. Tech AI & ML student with 2 shipped real-world projects and a 3-month AI internship at Infosys Springboard. Built CV systems achieving 87% model accuracy on 1,000+ real-world images, improving traffic flow efficiency by 25%. Skilled in Python, YOLO, OpenCV, Hugging Face, and Java. Certified in Azure AI Essentials, Oracle AI Vector Search, and Fundamentals of Cybersecurity.

Experience

AI Intern, Infosys Springboard Oct 2024 – Dec 2024 | Remote

Stack: Python • OpenCV • Machine Learning • Computer Vision • Data Preprocessing • Git • Jupyter • OCR

- Built ANPR & ATCC Smart Traffic Management System using Python and OpenCV — processed 1,000+ real-world images achieving 87% model accuracy.
- Improved traffic flow efficiency by 25% through data-driven signal control logic and anomaly detection modules.
- Performed end-to-end data preprocessing, feature engineering, data pipeline preparation, model training, evaluation, testing, and cross-team documentation following SDLC and Git workflows.

Projects

Intelligent Traffic System for Urban Conditions Nov 2025 – Apr 2026

Stack: Python • Machine Learning • Ultralytics (YOLOv8) • Computer Vision • OpenCV • Hugging Face • Git • OCR

- Real-time vehicle detection and tracking across multiple streams, accident recognition, emergency vehicle prioritisation, and dynamic signal control using YOLOv8 + OpenCV.
- Integrated Hugging Face models for enhanced detection performance; full SDLC workflow with Git throughout.

Skills

Programming Languages — Python, Java, HTML5, CSS3, SQL

AI / ML — Machine Learning, Deep Learning, Computer Vision, YOLO, OpenCV, Hugging Face, NLP, LLMs, Scikit-learn, Pandas, NumPy, TensorFlow, PyTorch, Keras, OCR

AI Tools — GitHub Copilot, ChatGPT Codex, Claude Code, n8n Automation, Ollama, Cursor

Tools — Git, GitHub, Jupyter Notebook, Microsoft Visual Studio Code, Software Development Life Cycle (SDLC), Object Oriented Programming (OOP), Agile Methodologies

Education

B. Tech, DVR & Dr. HS MIC College of Technology 2022 – 2026

Stream: Artificial Intelligence and Machine Learning, **CGPA:** 8.04 / 10

Coursework: Machine Learning, Deep Learning, Computer Vision, OOP (Java & Python), Software Engineering.

Certificates

Fundamentals of Cybersecurity (EDU-102) — Zscaler

Microsoft Azure AI Essentials Professional Certificate — Microsoft & LinkedIn

Oracle AI Vector Search Professional (1Z0-184-25) — Oracle
